

Lull Telehandler Part

Lull Telehandler Part - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the work requires transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler would really help make the job go faster and easier. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could supply 80 inches of boom travel for precision placement functionality. There are even many optional Lull accessories for their telehandlers to help do any work.
